Primary School Learning Activities

Standard Two

FOCUS: PAPER MODEL MAKING

Content	Activities	Possible Tools and materials needed
3.1.1 Understand the concept of size, space, form and colour through construction activities.	Make a human-like model / doll from either paper mash or paper clay Research and understand major resources in Trinidad and Tobago Create a costume on your paper model to demonstrate YOUR chosen resource	Recycled paper- old newspapers, brown paper etc White glue Pieces of fabric Glue to stick fabric Paint

Activities:

- Use either paper mash or paper clay and make a human-like model / doll (10 cm in height will do).

Paper clay tutorial: https://www.youtube.com/watch?v=YirNv5xOjfM

Please be careful when using hot water. You should ask a family member to help.

Paper mash instructions: place recycled, shredded paper in a bowl with warm water for 2 hours. Place soaked paper into a blender with water and blend. Strain the pulp using a colander or sieve. Mix the pulp with one tablespoon or more of white glue.

Your model / doll should look like this
Let it dry.

You can add eyes and mouth etc…Have fun!
You can paint your model using your skin colour!

- For this activity, it is suggested that you use either **water** or **asphalt** as your resource. Research both and make your decision.
- Decide on the BEST colour to make your costume showing your resource and get small pieces of fabric to make your costume.
- Do several sketches of what you WANT your costume to look like…These are your ideas…Choose the best one.
- Cut your fabric to make your costume and stick onto your model / doll.

Ask an adult to assist you with cutting the fabric.

When you are finished, show your paper doll to your family!
