I Respect Myself, Others and My Country

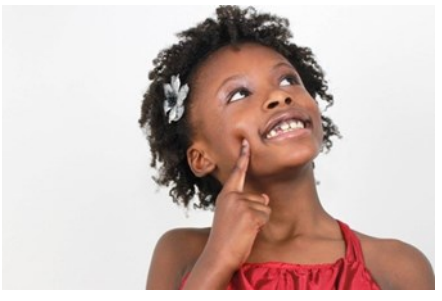

All persons deserve to be treated with **Respect**.

Do you know what respect means?

Respect means treating others as you want to be treated and accepting them for who they are.

Why show respect?

As a responsible young person, you should show respect because it is the right thing to do!

To whom should you show respect?

Yourself. This means being proud of who you are, loving yourself and knowing that you are special.

Your principal and teachers. They take care of you while you are at school and make sure you learn and play in a safe environment.

Your family and friends. It is important to show them that you love them for all that they do.

Persons in authority. They help protect you, your school and your neighbourhood and keep everyone safe.

The President,

As a young person, your **behaviour, thoughts** and **actions** are important when showing respect.

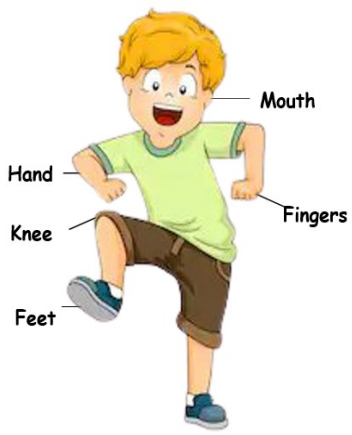

Let us help build a better Trinidad and Tobago.

The Human Body & Sound

The human body creates sounds. Let us create sounds using different parts of our body.

Let's start by counting 1, 2, 3, 4. Count again, 1, 2, 3, 4, and again, 1, 2, 3, 4. Look at the different parts of the body and follow the instructions. Complete every action on the list for four (4) counts- 1, 2, 3, 4.

Now let us put those actions to the song **"If You're Happy and You Know It".**

If you're happy and you know it clap your hands
If you're happy and you know it clap your hands
If you're happy and you know it and you really want to show it
If you're happy and you know it clap your hands.

Other actions: Stomp your feet
Nod your head
Say ha ha

You can go to this link to find a recording of the song and you can follow:
