

# Impact and Response to Globalisation

**Introduction:** Globalisation has been praised for breaking down cultural and economic barriers and building a global village. However, the impacts of globalisation, though often times are deemed magnificent, can also be very negative to some extent. The following will look at both the positive and negative impacts of globalisation.

Globalisation has just as many cons to it as there are pros!!!

**The video below explores the pros and cons of globalisation.**
