

Text

Introduction:

Text is used in both quantitative and qualitative forms of research. Its many purposes are to:

-give charts, graphs and tables titles and labels. For example:

Region	% adults taking a holiday
East Anglia	50
East Midlands	64
Greater London	56
Humberside and Yorkshire	64
North	54
North West	59
South East	60
South West	61
West Midlands	56

- to explain a data presented. For example:

-describe data. Please view this Prezi presentation for further information on this
